

**NEW-
BREAKTHROUGH
TECHNOLOGY!**

PHOTON FreedomTM micro

The Personal Safety Flashlight with **Intuitive, Intelligent** Programming

The Leaders in Micro Light Technology deliver again.

With millions of Photon® lights in use, consumer comments and ideas helped us develop the NEW Photon Freedom Micro. Single button operation makes the Photon Freedom Micro the easiest-to-use, most powerful, full-featured micro light. Ready for any daily need or emergency. "Smart circuit" technology gives you the light you need, when you want it!

**One Button
Operation***

*Additional mode settings available only when you want them.

Features – Benefits

• Smart Circuit

- Electronic, instant full power On/Off at any time.
- Full range brightness control.
- 4 Safety modes: Slow - Medium - Fast - SOS.
- Signal / Morse Code mode.
- Point of Purchase battery protection mode.**
(Demonstrates full range brightness and instant on/off only.)

• **Interactive Packaging** – Allows consumer to test on/off and full range brightness control.

• **Single Button Operation** – Easy operation even with gloves.

• **Easy Battery Replacement** – Energizer lithium batteries provide long lasting service even in sub-zero temperatures.

• **Quick Release Ring** – Reliably attaches to gear for quick release.

• **Water Resistant** – Newly engineered design.

• **24K Gold Plated Contacts** – Superior corrosion resistance.

• **Brightest LED's Available** – 8 colors plus Ultraviolet and Infrared.

• **Micro-Size & Weight** – Hides under a quarter. Less than 7 grams.

• **Glass Filled Polyurethane Case** – Virtually indestructible.

• **Covert Option** – Available by special order only. If you need to minimize side light visibility for discreet use, choose the covert nose option.

• **Hands Free Multi-Purpose Photon Clip** – Included with the Freedom Micro for a limited time.

• **No Nonsense Guarantee** – If your Freedom Micro fails for any reason other than abuse or battery expiration, return it for free repair or replacement.

** Automatic six second shut-off after customer completes testing. To take out of point-of-purchase mode, you must press and hold until light turns off.
