

## T804

### Tactical LED Flashlight

The BEAMSHOT™ T804 is the most innovative, effective and extremely bright LED flashlight of today. With new solid-state LED technology, BEAMSHOT™ utilizes a one-watt hi-power LED and a custom designed light-focusing lens to produce the most efficient light but at low wattage levels. The brightness of the New T804 is up to 30 lumens of outstanding cool white light with 100,000 hours of runtime. It's powered by three AAA batteries which provide approximately 5 hours constant on, 3 ~ 4 times longer and 1/10th of the operation cost compared to other typical flashlights using CR type batteries. Plus, the T804 comes with a constant ON/OFF switch and momentary bungee activation cord for easy one hand operation. The versatility of the T804 makes it ideal for personal and/or home defense, as well as rigorous use by law enforcement and military personnel. In addition, it also has a variety of applications for general indoor and outdoor use. Now you can experience the advantage of the BEAMSHOT™ T804 that is perfect for use in any situation, regardless of location.

#### Features:

- Highest Flux per LED - 10 ~ 15X the Flux of standard super bright LEDs.
- Unbreakable LED bulb lasts a lifetime (up to 100K hours of use).
- Constructed of 6061 T6 aircraft aluminum with heavy-duty anodized finish for long durability.
- More energy efficient than incandescent and most halogen flashlights.
- Comes with a ON/OFF switch and a momentary bungee activation cord for easy one hand operation.
- Waterproof and shockproof.
- Fits Industry Standard 1 inch Scope Rings.
- Powered by three AAA batteries that provide 5 hours continuous use - less replacement, lower cost.

Specifications:	
Available colors:	Black
Dimensions (L x Ø):	4.4" x 1"
Weight:	3.35oz. – Incl. batteries
Construction:	Aluminum 6061 T6
Battery:	3 AAA 1.5V
Battery life:	Approx. 10 hrs. constant "ON"
Bulb brightness:	25 lumens / 1W (Cool white light)
Bulb life:	100,000 hrs., an unbreakable LED bulb
Operation:	Removable finger-touch pressure switch & 30" cable

**Applications:**

The T804 with UB2 on shotgun

The T804 with M2 on rifle

The T804 with M2 on Glock 17

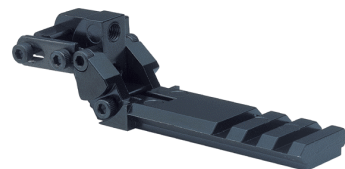

**Optional Accessories (Not included):**

M2 mount

UB2-Universal Barrel Mount

UT1-Universal Trigger Guard Mount

ON/OFF Switch

C5 Bungee Pressure Pad 30" Long Switch

All BEAMSHOT™ laser sights are shock tested to 2000G for 10 ms and have a one-year limited warranty.
