

Falcata™ Series of Incandescent Flashlights

Weapons-Mountable Lights by Night-Ops™

- **MAXIMUM PERFORMANCE - COMPETITIVE PRICE**
- **SUPERIOR UCL™ GLASS**
- **CONSUMMATE FIT AND FINISH**
- **AIRCRAFT-GRADE ALUMINUM BODY AND TAILCAP**
- **EXCELLENT BALANCE AND ERGONOMICS**
- **REAR ACTIVATED TAILCAP - MOMENTARY/CONSTANT ON**
- **TYPE III HARD ANODIZATION FINISH**

- **EXCEPTIONAL BEAM QUALITY WITH A HIGH INTENSITY OUTPUT**
- **95 LUMENS FOR 6V MODEL**
- **125 LUMENS FOR 9V MODEL**
- **60 MINUTE RUNTIME**
- **REMOVABLE POCKETCLIP AND ANTI-ROLL FLANGE**
- **PATENTED SHOCK-ISOLATION SYSTEM**
- **REMOTE TAPE-SWITCHES ARE IN DEVELOPMENT**

Falcata 6V & 9V

We are proud to introduce the Falcata™ weapons-mountable series of incandescent illumination tools.

The Falcata incandescent lights feature a patented Xenon bulb system, specifically designed for shock isolation against recoil and drops making them suitable for weapons mounted applications. Body diameter is 1" which accommodates many 3rd-party mounting solutions.

The Falcata is constructed with an aircraft-grade aluminum body and tailcap in a Type III hard anodized matte black finish. These tools come standard with a unique anti-roll and combat grip tail cap attachment that is removable if the user wishes to deploy or utilize the light as a straight-bodied design. Additionally, both lights come standard with a removable pocketclip.

The Falcata lens is a UCL glass lens that provides maximum light throughput with an anti-reflective coating on both sides of the lens. At 95 Lumens, the Falcata 6v has a one-hour run time. At 125 Lumens, the Falcata 9v has a one-hour run time as well. Both lights are operated with Momentary and Constant On activation. 3-volt lithium batteries are included with the Falcata.

Colored and IR Filters that fit 1.25" inch flashlights will work with the Falcata incandescent lights.

Weight with batteries Falcata 6V: 170g - 5.9 oz.
Length Falcata 6V: 5.40" - 13.71 cm
Body Diameter Falcata 6V: 1.00" - 2.54 cm
Bezel Diameter Falcata 6V: 1.30" - 3.30 cm

Weight with batteries: Falcata 9V: 210g - 7.4 oz.
Length Falcata 9V: 6.72" - 17.06 cm
Body Diameter Falcata 9V: 1.00" - 2.54 cm
Bezel Diameter Falcata 9V: 1.30" - 3.30 cm

MSRP: **6v-\$99.95 | 9v-\$139.95**
Part # **75201BK | 75202BK**
Release: **Late Feb 2006**
